

At page 10, line 24, please amend the proposed amendment of applicants' Preliminary Amendment of August 17, 1998 to delete after "specific reference to", the phrase "motor vehicles" and insert therefor --automobiles--, and after "operator controlled", please insert --motor--, and after "requiring insurance", please delete "such as boats and airplanes".

At page 13, line 30, please delete applicants' proposed specification amendment from Preliminary Amendment B, i.e.,

"height of person in passenger seat,  
weight of person in passenger seat,  
indicator if item in drink holder,"

At page 16, line 11, after "central control", please insert --112--.

line 12, after "appropriate action", please insert --114--.

line 17, after "occurring", please delete "The" and insert therefor

--Alternatively, if the trigger information is not so serious as to require immediate upload (i.e., the inquiry is "NO") then, the--

At line 17, after "step 116", please delete "," and insert therefor ---.

line 18, before "whatever response", please delete "and" and insert therefor --For upload information,--.

line 24, after "unit.", please insert --The "NO" response to the trigger event inquiry 108 indicates that the system remains in a wait loop with the recording sensor information step 106.--

line 29, after "uploaded", please insert --110, 112--.

At page 17, line 1, after "take action", please insert --114--.

At page 19, line 27, after "514.", please insert --If no such incident occurs (i.e., the condition inquiry is "NO"), the system remains in the data collection loop.--

At page 20, line 28, please insert the following new paragraph --Having thus described the invention, we now claim:--

### In The Claims:

The Examiner's renumbering of applicants' numbered claims 28 - 47 to now claims 21 - 40 is gratefully acknowledged.
